

THE ANSWERS ARE OUT THERE, SO OUT WE GO

At UC San Diego, we're in constant pursuit of ideas that push the limits of what we know into new territory — seeking uncommon solutions to the world's greatest challenges through groundbreaking research, advancing new knowledge and transforming the student experience.

A LIVE, LEARN AND PLAY COMMUNITY

Our campus is dedicated to providing our students with a vibrant, interconnected community where they can live, learn and play. With multiple large-scale, mixed-use neighborhoods and significant on-campus housing growth, UC San Diego is poised to become one of the nation's premier residential campuses.

EMBRACE THE SPIRIT OF CHAMPIONS

After two decades as one of the most successful programs in NCAA Division II, the university's athletics program enters its first year of full eligibility for NCAA Division I post-season competition — providing the campus and local community with access to competition at the highest level of college athletics.

DESTINATION FOR ARTS AND CULTURE

With over 50 years of international recognition, UC San Diego is a hub for excellence, diversity and innovation in the realm of arts and culture. The renowned UC San Diego Stuart Collection, now boasting nearly two dozen distinctive artworks, showcases the brilliance of noted contemporary artists throughout the campus. Unique campus activations and exciting programs hosted at the Epstein Family Amphitheater and UC San Diego Park & Market infuse vibrancy into our community. As we continue to expand collections throughout campus, including the highly anticipated gallery, The Strauss, our influence as a thriving destination for arts and culture is flourishing.

students who enroll at UC San Diego will be the first generation in their family to graduate from college.

ADVANCING SOCIETY THROUGH INNOVATION

According to the latest overview of inventions arising from the University of California system, our research program generated more than 400 new invention disclosures and over 90 new U.S. patents.

UC San Diego seeks to empower a diverse entrepreneurial culture on campus, uniting unique perspectives to develop solutions that positively impact society. The latest developments from the campus community include a free mobile app that helps users administer CPR and a startup that develops 3D-printed, custom-made prostheses.

The Joan & Irwin Jacobs Center for Health Innovation at UC San Diego Health (JCHI) is at the forefront of revolutionizing health care through leading-edge technology. From applications to artificial intelligence, JCHI is harnessing digital tools to foster collaborations between health care professionals, researchers, and technology experts to address the evolving needs of patients and clinicians.
